THURZAWAY

Boat Description

If ever a boat should be judged by its condition and build quality rather than its age then this is it. Its condition, both inside and out, is a credit to its previous owner and the current vendors who are reluctantly selling because they now have insufficient time to enjoy her. Thurzaway was built in 1997 by Marque Narrowboats and expertly fitted out by Nantwich Canal centre. It has instinctive roof grab rails and hand rails at the bow for safe boarding to the cratch area with large glazed panel and useful bow lockers with seat pads. Solid steel doors at the stern lead, via 4 steps down with adjacent wet locker and control panels, to the larger than normal aft bedroom benefitting from an abundance of storage cupboards, robes, shelves plus other nooks and crannies. There is even a clever little hinged bedside shelf for your morning tea and toast! The dressing table can be used as a desk since one of its three drawers is equipped to house suspension files. Forward to the white tiled bathroom fitted with hip bath and shower over, basin in vanity unit, pump out w.c. and lots of storage space. The laminate wood floor extends to the corridor outside which leads to the U shaped galley fitted with dark green finish sink/drain, hob and convenient eye level oven/grill in addition to the white finish LEC fridge and microwave oven. Good under counter storage is complimented by a two sided glazed display cabinet. To the port side is a hatch with doors and steps for access amidships. The absence of a formal dining area provides for a large 13' lounge with large windows and glazed hardwood stable style front doors and adjacent windows leading to the foredeck. Two black leather, reclining and swiveling armchairs with head rests provide the perfect way to enjoy the glow of the Morso Squirrel multi fuel stove sitting on a black tiled hearth. Alternatively, warmth and hot water can be provided by the Eberspacher central heating system with radiators in all relevant areas. The whole interior is finished to a high standard using ash panel to deckhead, deck sides and below gunwhale trimmed with hardwoods. The lounge and bedroom have carpet floor covering. For the technical, the craft is fitted with a Beta 35hp diesel engine, Heart Interface Freedom 25 3 in 1 inverter/charger and 240v shoreline connection. to compliment the one starter and four leisure batteries. Licenced until Dec 2010 and BSC until Aug 2013 The inventory includes lifebelts, poles and boarding plank. Recently re-blackened here at Swanley Marina.

Engine: Beta 35HP

B.S.C: 20/08/2013

Dimensions:

Style : Semi Trad

Length : 57'

Beam: 6'10"

Draft: 2'
